

EDHEC 3rd in the world in the FT Master in Finance Ranking

EDHEC is proud to announce that its MSc in Financial Markets ranks 3rd in the world in the 2014 Financial Times Masters in Finance ranking.

2014 FT Ranking

This is the second FT ranking where EDHEC has been named the second best business school in France, just one place behind HEC of Paris. (EDHEC's executive programmes also received high marks from the FT in a ranking released last month.)

Today's ranking announcement confirms the school's excellence in Finance as well as the success of the school's strategy 'EDHEC for Business.' At EDHEC, it is our goal to integrate academic research into all of our academic programmes, and to cultivate business professionals who stand out for their innovative and agile thinking, as well as their positive impact on business and society.

EDHEC thanks alumni for their continued support and tremendous loyalty to the school.
